OUR VISION YOUR FUTURE

COMPANY PROFILE

WHY CHOOSE US

We committed to providing substantive business

About Us

CyboBits is a global consulting and technology services company offering industry- specific solutions, strategic outsourcing, and integration services through a unique on-site, off-site, and offshore delivery model that helps our clients achieve rapid deployment, world-class quality, and reduced costs. Specifically, CyboBits will continue to be a leading developer of Open-Source customization and integration as these platforms create a new computing paradigm. CyboBits specializes in complete product life cycles that utilize a partnership approach to client engagement. We focus on emerging technologies for a full range of cutting-edge IT development services and turnkey solutions:

VISION

Reshaping your business experience and improve operating efficiency

MISSION

To transform enterprises in a smooth transition to new IT innovative solutions that are easy to use, cost effective, enable business insight and ultimately benefit the enterprise.

VALUE

● **Customer focus**
Customer focus: We will provide service that is suitable, inexpensive, accessible, well-timed, and responsive to customer needs.
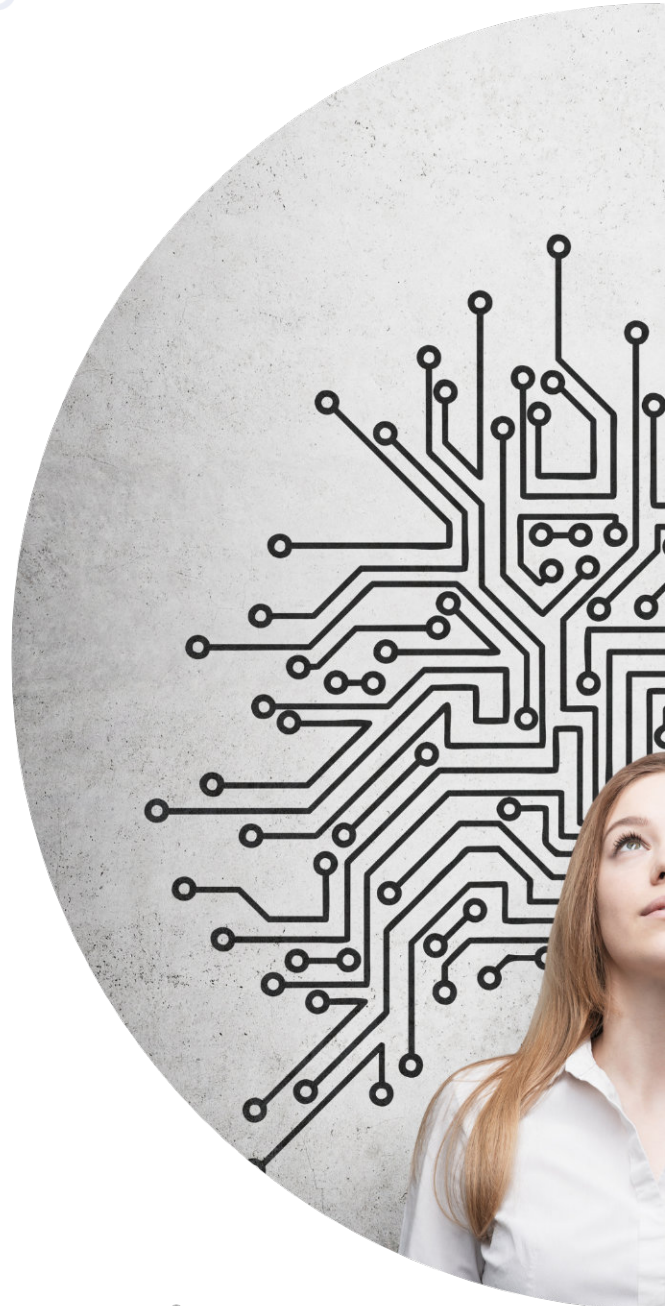

● **Customer loyalty**
We will buy in our customers' trust by providing service that is friendly, respectful, secured, and trustworthy.

● **Agility**
We will have ability to think, understand and response quickly to customer's requirements by adapting to and working in a variety of situations with diverse business domains.

● **Employees**
We see our employees as the first line of contact with our customers and, therefore, we value our employees as integral to the success of our organization.
